

Your next digital project

Fill in what you know. This brief is a starting point, not a quotation or contract.

1. Organisation, contact name and email

2. What problem do you want to solve, and who will use the solution?

3. Services or features needed, and priorities for a first release

4. Existing website, systems, data sources and integrations

5. How will you know the project has been useful?

Scope, timing & handover

Save your completed copy and send it through your agreed WonderWeb contact channel.

6. Target date, important dependencies and review availability

7. Indicative budget range and recurring-cost constraints (optional)

8. Content, branding, translations and assets available

9. Accessibility, permissions, hosting and security requirements

10. Decision-maker, training, handover and ongoing support needs

Do not include passwords, access keys or confidential personal records in this brief.

Submit only the information needed for an initial project discussion.
